After that, the people were captives to the Romans, Byzantines, Arabs, and Crusaders. Through all of these events, the Jewish people continued to live in Israel. There were more or less of them, depending on the centuries, but there was never a time when the Jews didn't live in the land. They stayed, they built their communities, they raised their families, practiced their faith and they suffered at the hands of many outside rulers, but they always kept their faith. It is what sustains them, even now.

In 1948, the UN established the State of Israel, the nation of Jews. Don't buy the Palestinian lies that they are entitled to the land. It simply is not true. Yahweh will also provide a way for his chosen people to live in Israel, as He has for thousands of years. Pray for the people of Israel.
