

Is anyone connecting the terrorism dots?

[Washington Times](#) Letter to the Editor, by Len Bennett, March 16, 2026

Thousands of activists are marching, blocking roads, calling for intifada and demanding that Israel compromise with the war criminals who invaded the Gaza Envelope on Oct. 7, 2023.

President Trump survived two assassination attempts. A couple were gunned down outside a Jewish museum in Washington. A health care executive was murdered in Manhattan. Charlie Kirk was assassinated in Utah. Jews are under attack in Australia, Canada, Europe and America.

Who is orchestrating the fall of Western civilization? Who ordered 40,000 dormant websites to spring into action, spewing taqiyya (lying to the infidel) on Oct. 8, 2023, a day after the worst attack on Jews since the Holocaust?

The linkage of the left and predatory Islam is at the core of international terrorism. The Muslim Brotherhood controls the agenda, Qatar supplies the funding, and Iran provides the muscle, while millions of useful idiots follow obediently.

Radical Islam and Nazism developed in tandem. Adolf Hitler was the fuhrer. Haj Amin al-Husseini, grand mufti of Jerusalem, led the Arabs. Both lusted for power. Both sought world domination. In Germany, Hitler built a massive war machine. In the Middle East, al-Husseini led pogroms against Jews from 1920 to 1942.

They were World War II allies. Al-Husseini created Bosnian Muslim SS troops and intervened to send 4,000 Hungarian children to Auschwitz. They agreed to build death camps in the Holy Land once the British were routed, but Erwin Rommel was defeated at El Alamein. Al-Husseini escaped the French and settled in Beirut.

The CIA and Mossad have the capacity to develop link-analysis for monitoring crimes throughout the world. Are they doing it?

Preempting terrorism also should be a goal. Prospective terrorists are easy to find. They attend Ivy League schools funded by Qatar and Persian Gulf royalty, such as Harvard and Columbia. They are screaming, "Death to Israel, death to America," at Canada's prestigious University of Toronto and McGill. They are Islamic exchange students and prisoners. They attend radical mosques.

Intelligence is our only chance for continuity.
