

Leftist bombs Capitol to kill Republicans

Remember on November 7, 1983 that the May 19th Communist Organization detonated a bomb in the U.S. Senate in an attempt to kill Republicans? Susan Rosenberg was arrested for this. She was pardoned by Clinton. She is now an administrator for Black Lives Matters and does fundraising and administrative work for BLM.

I guess Bombing the US Capital to kill Republicans is different. I heard new reports all weekend long about how the Jan. 6, 2021 Capitol UNARMED INCURSION was the worst day in American History.... What should we call the 1983 actual BOMBING the US Capital... Chopped liver?
